DOM PEDRO

DIGITAL MEETINGS

HYBRID AND VIRTUAL EVENTS?

WE OFFER THE SOLUTION

Following the new event trends, the hotel Dom Pedro Lisboa expanded its events offer, supporting companies with their virtual projects by offering tools and content to measure the engagement with the public and also, reducing the carbon footprint.

Hybrid and virtual meetings are the result of a partnership with Audiomeios and offer the ability to virtualize a corporate meeting, a product presentation or the most complex congress, with new scenography solutions in Ledwall or Chroma key, interactive mechanics and streaming.

Hybrid events have never made so much sense!

REAL STAGE

The Dom Pedro Lisboa Hotel will offer a “all in one” solution to their customers, with the most up-to-date platforms for virtual meetings, allowing them to organize virtual or hybrid meetings, with physical and / or virtual audience.

VIRTUAL STAGE

The Chroma Key effect is used in videos where you want to replace the background (video or photo) creating any wished setting.
